SUMMARY:

As the Coordinator at the IIUCCPS, I have successfully organized regular sessions for participants, collaborated with trainers, and matched participants with mentors, drawing on my previous experience as a Mentor and Trainer. I am passionate about competitive programming to enhance my skills and support others in their development. My technical proficiency is further complemented by my experience with MERN stack projects and my ongoing exploration of Machine Learning and Next JS, which includes completed projects. I am actively seeking professional opportunities to apply my technical and organizational skills.
